

Exhibit C

Clean Version of the Amended Title of
U.S. Patent Application Ser. No. 09/703,253

By *duf*
Sequences Encoding Human ATP-binding Cassette Transporter Proteins.

Clean Version of the Amended Abstract of
U.S. Patent Application Ser. No. 09/703,253

Novel human ATP binding cassette transporter polynucleotide and polypeptide sequences are disclosed that can be used in therapeutic, diagnostic, and pharmacogenomic applications.
